CIRCULAR

**Subject :- Regarding stamping of entitlement of wards and validity on Health Cards.**

Government of NCT of Delhi is providing comprehensive health care facility to it's employees and pensioners through various government dispensaries, hospitals and many empanelled hospitals and diagnostic centers in Delhi and NCR area under Delhi Government Employees Health Scheme. For availing this facility a health card is issued to each beneficiary, which mentions dependants, entitlement of ward and validity of the card. **It has been observed that some of the Health Cards are not showing entitlement of wards of the employees and pensioners and also validity of the card is also not mentioned in case of pensioners.** This is causing problems to employees and pensioners for availing cashless facility from empanelled hospitals and diagnostic centers and also reimbursement of medical claims of the pensioners.

In view of the above mentioned facts you are requested to instruct the concerned officers that entitlement of wards and validity of the cards must be stamped properly on the health cards in future. In addition already issued cards may be recalled and eligibility and validity may be stamped prominently. This may be taken up on priority in the interest of the employees and pensioners for availing medical services properly under DGEH Scheme.
