Dated: 28/05/25

CIRCULAR

As per terms and conditions of L-11 license, the beer produced in microbrewery shall be released for sale only after the said chemist certifies that such beer is fit for human consumption, on daily basis. Further, the licensee shall arrange to draw the beer samples once in every month and forward the same to the excise laboratory for analysis. The report so obtained there or shall be displayed on the premises of microbrewery.

Therefore, all L-11 licensees are hereby directed to adhere to the above term and condition of L-11 license strictly and obtain certificate of their beer samples every month from the Excise Laboratory for displaying the same at the premises of their microbrewery. Further, the certificate issued by Chemical Examiner for each batch may be sent to the Excise Department regularly.
