## Circular

### **Subject: Two (2) day capacity building programme of 100 Computer Science teachers of 50 Schools selected for AI Mediated Classroom Project**

Artificial Intelligence (AI) is rapidly transforming every sphere of life, including education. It offers immense potential to personalize learning experiences, enhance assessment practices, and enable teachers to adopt innovative approaches in the classroom. In alignment with the vision of fostering future-ready classrooms, **SCERT Delhi has initiated the AI-Mediated Classroom Project** to integrate **AI** into school education.

This initiative aims to empower teachers with the necessary knowledge, skills, and tools to effectively utilize AI for personalized learning, innovative pedagogy, and meaningful assessments.

As part of this project, **50 Government Schools** across Delhi have been identified and recommended by the Directorate of Education. From each of these schools, two Computer Science teachers (TGTs/PGTs) have been randomly selected to undergo training for this project. The details of the selected schools and teachers are enclosed as Annexure I & II.

The training will be conducted in **two phases**:

- **Phase I:** Capacity Building of selected **100 Computer Science teachers** (TGTs/PGTs) from each school. These trained teachers will act as *Resource Persons (RPs)* for their respective schools.
- **Phase II:** Subject Teachers (Mathematics, Science, English, Hindi, Social Science) teaching Classes 6 & 9 will be trained in AI-Mediated Classroom practices by their school's trained Computer Science teachers. Each school will nominate **three teachers from each of the above-mentioned subjects** (i.e., 15 teachers per school) to undergo this training.
